Warranty Statement

We strive to maintain the highest quality of work possible using the latest equipment. Guides are installed and seats are cut to three angles. Seats are then vacuum checked. Valves are ground and replaced if necessary. New valve seals are installed and valve springs are checked and replaced if needed, Cylinder heads are surfaced and painted to keep them clean. These heads are reconditioned, which means that these heads are rebuilt with some used parts, parts that are still serviceable.

Note: Manual adjusted valves are backed off to protect valves during shipping. No cam seals have been installed, as one is included in most gasket sets.

Limited Warranty

Heads sold or exchanged are guaranteed for 12 months or 12,000 miles from date of sale. The warranty is limited to replacement of the Head only. No warranty on any damage to the car, engine or driver (Including passengers) and or towing or rental car charges will be paid warped heads are not the fault of the head!!!

Loss of Warranty

The limited warranty shall be voided for any of the reasons listed below;

Oil

Running the engine without any oil, too little oil, or with dirty oil (bearing material).

Remanufacture reserves the right of final says on whether or not the damage was done by lack of oil. Cam failure is due to lack of oil.

Valves

Manually adjusted valves must be set before startup and checked after 500 mile run in. Valves bent due to shipping are not covered other than replacement of the valve before the head is installed. Valves bent after installation are not the fault of the remanufacture and are not covered.

Defects

Damaged parts or stripped bolts that are damaged will be replaced if found before the head is installed. Damaged parts not found or damaged after installation are not covered.

Heat Tabs

We affix to all remanufactured heads a metal disk with a lead center that melts at 260 F. the loss of a heat tab or the melting out of its center will void the warranty provided.

Core Return

Cylinder head core must be rebuildable for credit; partial credit may be given if core is reparable. We guarantee \$25.00 credit for returning core even If cylinder head is junk. Cylinder head core must be returned in same box for credit.
